# AN HONEST TEST.

THE methods of testing musical instruments at fairs and other exhibitions give small assurance of accurate judgment, even when there is an intelligent and reasonably honest jury. Players of real ability and experience naturally have their personal preferences; they have become accustomed to certain qualities of tone and results of mechanism; and they are seldom tolerant of new features and effects.

But behind this is the greater difficulty; that of securing impartial and just jurors. It is very seldom that a body of jurors is convened which has not been privately selected on account of their known preference for the instrument favored by the secret junto of the management. I am not referring to the Centennial Exhibition at Philadelphia, although the composition of the examining board on that occasion was as peculiar as its awards. It does not appear that there was any order of merit; there was only a different set of phrases—designed "to darken counsel and perplex understanding." The phraseology was apparently arrived at, in each case, by tossing up a dozen beautiful words in a dice-box, and printing them in the order they fell. It was anticipating the brilliant methods of the Concord Philosophers.

There was once a judgment of pianos in Boston which was, in some respects, unique. Admitting that the judges were possessed of good ears and good taste, it is probably the most satisfactory of any competition in our time.

The Massachusetts Charitable Mechanics' Association appointed a committee of nine to make awards for pianos and organs. Three, at least, were men of musical knowledge and ability: Carl Zerrahn, the eminent conductor; George James Webb, a composer and teacher, and Charles J. Capen, an organist of repute.

At the preliminary meeting, after the choice of a chairman, (the present writer,) a desultory conversation ensued. The members appeared to be engaged in a keen personal study of each other.

There was a private conversation soon after between Mr. Zerrahn and the chairman, in which the "situation" was discussed. It was considered *certain* that five members of the committee had been selected on account of their preference for a certain piano; and that those members were likely to be inaccessible to demonstration or argument. With a clear majority fixed, or *sot*, as the Yankees say, in advance, an examination in the usual way would be a farce. Believing that our musical perceptions could be trusted, a plan was agreed upon; and, at the next meeting, Mr. Zerrahn moved a series of propositions—*one at a time*. They could not have been carried together, probably; but they *were* carried singly, because each was obviously fair and necessary. These were the rules agreed upon:

1. The examinations were to be conducted in the upper hall, (Faneuil Hall,) beginning at midnight. This was done to be rid of the terrible noise of the market and express wagons in the vicinity.

2. The pianos were to be completely encased in cotton cloth, with not a particle of case work visible—only the key-boards.

3. When so encased, they were to be arranged around the hall, in such order as might happen, by the laboring-men, and without the knowledge of any member of the committee.

4. No light to be allowed in the hall. Only *one* allowed in the vestibule.

5. One person (Mr. Webb) was designated as player. He was at liberty to test the separate notes as he pleased ; but was to play the same (2) pieces, one solemn and one brilliant, on each. The award on the pianos was to be made upon this test—no other person being allowed to touch the keys at the trial.

6. Pianos were to be *marked out* at first, so as to bring the competition between those really meritorious.

The result proved that these rules—shutting up the committee in the recesses of their own souls—were fatal to the hopes and projects of the five—if (as I believe) such projects had been formed.

In a comparatively short time so many were marked out that the competition was confined to *three*. They were at some distance from the door, and were in deep gloom.

Many times the player tried these three, and at last, by a vote of five to four, one of them was marked out.

Then the two remaining pianos were tried again and again ; but no one could detect the slightest difference in tone between them. It was, therefore, voted that the same award should be given to the makers of each.

The trial having been finished, the gas was turned on, and the covers were taken from the successful instruments.

They were both Chickerings !

The disappointment and scarcely concealed anger of certain members of the committee may be imagined. Had they been able to see even one half an inch of a molding, they would have known the maker. The musicians on the committee had not this technical acquaintance with cabinet-making, and covering the cases was not an objection *to them*.

This was many years ago, and it is not well now to revive the account of the exceedingly unjust conduct of the committee, after the judgment. It is enough that the piano triumphed which the majority had determined to crowd out.

If there has ever been another instance of a trial like this, I should be pleased to know it.—F. H. U., *in "Musical People," for September*, 1882.

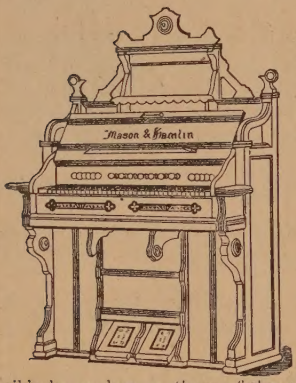
# MASON & HAMLIN

# ORGANS.



THE MASON & HAMLIN COMPANY were the originators of the American Cabinet or Parlor Organ, which was introduced by them in 1861, and has since become so popular that more than 70,000 are now made and sold annually, by about 250 makers.

Those made by the Mason & Hamlin Company have always maintained their supremacy as THE BEST. At every one of the great world's Industrial Exhibitions for the last sixteen years these Organs have been compared with those of other best makers, and at every one they have been found best, and decreed highest honors. *Not even in one such comparison have any other American Organs been found equal to them.*

The prices of these Organs cannot possibly be as low as those of the many inferior Organs now made, which cost only a fraction of as much to produce, but considering excellence and durability, these are believed to be the cheapest Organs procurable.

More than ONE HUNDRED STYLES are regularly manufactured, adapted to all uses, in large variety of plain or elegant cases, from the smallest size, (Style 109,) which by a new mode of construction combines highest excellence with extraordinary low price. It has $3\frac{1}{4}$ octaves compass, as much as that of the human voice, male and female, and sufficient for popular sacred and secular music generally, and is sold for only $22 *net cash price.* Other styles are at $30, $57, $66, $78, $93, $108, and so on by small additions up to $900. But the great variety of styles are between $100 and $200 each. They are sold, not only for cash, but also for easy payments, monthly or quarterly. **A New Illustrated Catalogue, 40 pages 4to**, shows many new styles this season, giving accurate portraits with full descriptions and prices of all, **sent free.**

# PIANO-FORTES.

The MASON & HAMLIN COMPANY have commenced the manufacture of **UPRIGHT GRAND PIANO-FORTES,** employing a new method of stringing and other improvements, tending to purity of tone, power, and especially to durability, greatly diminishing the liability to get out of tune. **Circulars free.**

It is made the duty of Annual Conferences to divide severally the amounts assigned them among the districts, and to see that the amounts

The Book Concern is the property of the Methodist Episcopal Church, and is subject entirely to the control of the General Conference. By direction of the General Conference the Book Agents "have authority to regulate the publications and all other parts of the business of the Concern, except what belongs to the editorial departments, as the state of the finances and the demands may require.

The first "Book Concern" (John Dickens, Agent) was established in Philadelphia, in 1789, with a borrowed capital of $600. In 1797 the first "Book Committee" was appointed. In 1804 the Concern was removed to New York. In 1836 it was destroyed by fire, (loss, $250,000,) but soon rebuilt. The Western Book Concern was established in Cincinnati in 1820.

An inventory of the property taken immediately after the fire showed a total capital of

The records of the Book Concerns at New York and Cincinnati show that they have paid *for objects outside their own business*, by order of the General Conference, the large sum of $1,644,223 41.* This amount is made up of the sum paid to the Church South, the sum paid for Bishops' salaries and traveling expenses, in dividends to Annual Conferences, and the sum paid to meet deficiencies in the expenses of delegates to General Conference, and other bills ordered by that body. The figures are stated thus:†

NEW YORK BOOK CONCERN.

| | |
|---|---|
| Paid dividends to the Annual Conferences | $483,407 00 |
| Paid Bishops' salaries and traveling expenses | 522,255 19 |
| General Conference expenses and on order of General Conference | 90,206 22 |
| Church South, principal, interest, and costs | 274,421 72 |
| | $1,370,290 13 |

WESTERN BOOK CONCERN.

| | | |
|---|---|---|
| To Bishops and on order of General Conference | $171,886 19 | |
| Church South, principal and interest | 102,047 09 | |
| | | $273,933 28 |
| Grand total paid by Book Concern* | | $1,644,223 41 |
| Less amount paid prior to 1836 | | 148,000 00 |
| | | $1,496,223 41 |

In order to determine the *profits* of the business the above sum should be added to the increase of net capital. The following are the figures:

| | |
|---|---|
| Net gain in capital since 1836, exclusive of building contributions, recorded above | $1,136,196 54 |
| Paid outside of business by General Conference order since 1836 | 1,496,223 41 |
| Total profits in forty-five years | $2,632,419 95 |

It should be remembered that, aside from the contributions named above, toward the rebuilding of the Book Concern at New York after the great fire of 1836, (and which are excluded from the profits in the figures here given,) not a dollar has ever been given to the Book Concern by legacies, subscriptions, collections, or other donations. From its regular and legitimate business alone, under the careful management of officers selected by the General Conference of the Church, it shows for the last forty-five years a clear *profit of over two and a half millions of dollars—an average annual profit of over fifty-eight thousand dollars!* The achievement is without a parallel in the history of religious, benevolent, and ecclesiastical publishing establishments, reflecting great credit upon the fidelity, skill, and business tact of the Book Agents, and upon the general connectional publishing system adopted by the Church.

* This sum is exclusive of the amount (estimated at about $180,000) paid out for the purchase and relief of local papers, which value does not enter into the assets of the Book Concern.

† In making these summaries no account has been taken of relative losses in profits arising from the yearly subtraction of large sums which, in other business houses, would have been added to the capital, or of the saving, in case such subtractions had not been made, of *over two hundred thousand dollars* which the two houses have been obliged to pay since 1836 on borrowed money. Nor has any account been taken of the fact that the capital stock was overestimated in 1836, nor of the fact that in former years a considerable amount paid to the Bishops was charged to current-expense account, and hence is not included in the "outside" account above named.

to $201,493 41. Adding this to the total sum reported to the Conference sessions gives a grand total of $1,305,350 41.

## Contributions and Expenses of the Methodist Episcopal Church.

After examining the official returns for the summaries of the various Conference collections, and carefully estimating for other items, basing such estimates upon exact reports from a large number of Churches, and from reports in the local minutes of Annual Conferences, the following list is presented as an approximation of the amounts contributed by the Methodist Episcopal Church for the year 1882. These estimates are under, rather than over, the true amounts:

| | | | |
|---|---|---|---|
| Annual Conference collections | $1,305,350 | Expenses for local mission work | $254,400 |
| Miscellaneous collections | 227,954 | Paid for salaries of ministers | 8,788,650 |

| 1827 | 381,997 | 157,144 | | | |

The decrease in the decade closing with 1847 was caused by the separation and independent organization of the Methodist Episcopal Church, South. That Church embraced at the time of its organization, in 1845, a total of 462,428 members.

## Growth of M. E. Church in Lay Membership as Compared with Population.

Instituting a comparison by taking the decades corresponding with those of the United States Census reports, we have the following interesting table:

| Years. | Population. | Increase. | Gain per ct. in pop. | Gain per ct. in Ch. | Years. | Population. | Increase. | Gain per ct. in pop. | Gain per ct. in Ch.* |
|---|---|---|---|---|---|---|---|---|---|
| 1790 | 3,929,214 | ..... | .... | .... | 1840 | 17,069,453 | 4,203,433 | 33.52 | 68.38 |
| 1800 | 5,308,483 | 1,379,269 | 35.10 | 12.60 | 1850 | 23,191,876 | 6,122,423 | 35.88 | * .... |

| 1820 | 9,633,822 | 2,393,941 | 33.06 | 48.87 | 1870 | 38,558,371 | 7,115,050 | 22.65 | 37.47 |
| 1830 | 12,866,020 | 3,232,198 | 33.51 | 83.21 | 1880 | 50,152,866 | 11,594,495 | 30.06 | 27.48 |

* The figures are omitted here because during the decade then closing the loss by separation of the Methodist Episcopal Church, South, took place.

The immense increase of immigration to the United States, chiefly by population outside of the Methodist Episcopal Church, will account for the relative falling off in the percentage for the last decade. During the last nine decades, dating from 1790, the average decade increase in population was 32.69 per cent., while that of the lay membership of the Methodist Episcopal Church was 61.39.

The loss in Church property is only apparent, *not real.* While the number and real value of the churches and parsonages greatly increased during the years 1878 and 1879, the figures were marked down in order to conform the estimates to generally depressed conditions of real estate during those two years.

## John-street Church, New York.

THIS old historic Church of American Methodism (the Society of which was organized on the last Sunday in October, 1766, the first dedication taking place two years later) passed, by special act of the Legislature of New York, in 1866, into the care of Trustees to be elected by the General Conference. This trust was accepted by the General Conference of 1868, and Trustees were elected by that body, and their successors have since been duly elected by the General Conference of 1872, 1876, and 1880. The report adopted by the Conference of 1880 included the following:

As the centennial of the organization of the Methodist Episcopal Church will occur in 1884, we suggest, without entering into details, that it may be feasible to interest the entire Methodism of our own country, as well as that of the mother country and the Canadas, in perpetuating this old historic Church, planted more than a hundred years ago, to evidence on this continent the truth of John Wesley's maxim—a maxim we, his children, hold as our own—"The world is our parish." We also recommend the editors of our papers to render such aid as may be necessary to carry out the suggestions of this report.

Nominated by the Quarterly Conference of the First Methodist Episcopal Centennial Church of the City of New York, (John-street,) we approve and offer the following names for this General Conference to elect as trustees of said Church: Benjamin Weymouth, (since deceased,) Edward Allen, John Bentley, Benjamin W. Tilton, William Collins, James Wright, Walter B. Bailey, Frank E. Trowbridge, Reece B. Gwillim.

The "Committee shall determine what fields shall be occupied as foreign missions, the number of persons to be employed on said missions, and the amount necessary for the support of each mission, and it shall also determine the amount for which each Bishop may draw for the domestic missions of the Conferences over which he shall preside, and the Bishops shall not draw on the Treasurers for more than said amount. Nevertheless, in the intervals between the meetings of the General Missionary Committee, the Board of Managers may provide for any unforeseen emergency that may arise in any of our missions, and to meet such demands, may expend any additional amount not exceeding twenty-five thousand dollars."

**Mission Property in New York.**—The Missionary Society owns one undivided fourth of the Publishing and Mission Buildings, 805 Broadway, New York. The first payments toward the purchase were made from moneys specially contributed "for a Mission House," and not a dollar of the missionary collections has ever been used in such purchase. Certain sums donated to the Society, on which interest is to be paid during the life of the donors, were also paid from time to time on account of this building, and the interest for which we were obligated paid from its rentals. In this way the debt for the purchase of the building was *entirely liquidated on January* 1, 1877. Since that date there has been paid into the General Missionary Treasury up to October 31, 1881, as *net rentals* the sum of $34,375 77. Besides this, the Society has its own offices free of rent.

**Remittances and Correspondence.**—All remittances should be made either to J. M. Phillips, Treasurer, 805 Broadway, New York city; or to Rev. J. M. Walden, Assistant Treasurer, Cincinnati. All correspondence should be directed to the "Corresponding Secretaries of the Missionary Society of the Methodist Episcopal Church, Mission Rooms, 805 Broadway, New York."

**Its Object.**—It aims to enlist and organize the efforts of Christian women to co-operate with the other societies and agencies of the Church, in behalf of women and children in our country who are in need of Christian help.

**Its Field.**—In the South and in the West there are multitudes of ignorant and degraded women in cabins, and wigwams, and adobe houses, and Mormon harems, and huts of frontiersmen, and Chinese quarters, whose pitiable condition urgently appeals to all enlightened women, since women alone can render them the help they need, and guide them in the paths of purity and Christian civilization.

**Its Plan of Operation.**—This society aims to organize auxiliaries among the women all over the Church for the purpose of diffusing intelligence and awakening a deeper interest on the subject of missions. It will set forth the wants of mission work in our country, and the importance of raising funds to prepare and send teachers and missionaries to destitute sections of our own land. The missionaries will visit from house to house and gather the women and children into industrial schools where they will be taught sewing, household economy, and the laws of health and temperance, and given moral and religious instruction.

**Its Funds.**—These are obtained from membership fees and other donations. There are nearly a million of women connected with the Methodist Episcopal Church, and it is earnestly hoped that their hearts will be moved in behalf of the unenlightened women of our own land. All moneys for the society should be forwarded to the treasurer, and other communications to the corresponding secretary.

The first annual meeting of the society will be held in Cincinnati, beginning Oct. 30, and reports will be published immediately thereafter. Twenty-two Conferences have organized Conference societies or have appointed corresponding secretaries who are engaged in the work of forming auxiliaries and collecting money and materials to sustain its work.

**Missionaries** have been sustained by the society in New Orleans, Atlanta, Chattanooga, Nashville, Greenville District, S. C., Savannah, Ga., and in Ogden and Salt Lake City, teachers have been sustained in the schools established by the Missionary Society.

**Beneficiaries.**—Promising young girls, white and colored, have been aided in several of the schools in the South.

**Utah.**—The society has appealed to the Church for $5,000, the sum required to build a home and boarding department for Salt Lake Seminary, Salt Lake City. The sum was divided into 500 shares of $10 each, and it is very desirable to secure this sum and build in the spring.

This work was organized by direction of the General Conference of 1864, and the legal incorporation was effected in March, 1865. The first money was received by the Treasurer in October of the same year, and the first appropriation was made in the spring of 1865. During the seventeen years of active work ending Oct. 1, 1882, the Board has collected and disbursed $1,936,230 79, of which $424,508 23 belong to the Loan Fund, from which Churches are aided only by loans. Of this Loan Fund $248,756 27 has been returned to the treasury and reloaned to other Churches.

The Board has aided in all 3,800 Churches, most of them by donations, many by loans, and some by both donations and loans. The total of our Methodist Episcopal Churches is, as officially reported, (July 1, 1882,) 17,935, of which 7,935 have been built since 1864, so that MORE THAN ONE FIFTH OF ALL OUR CHURCHES, AND THREE SEVENTHS OF ALL THE INCREASE SINCE OUR WORK BEGAN, HAVE RECEIVED AID FROM THE BOARD.

Place the churches aided by the Board side by side, allowing sixty feet front to each, and we have over FORTY-THREE MILES OF CHURCHES. Put them in a line three miles apart, and THEY WOULD EXTEND ACROSS THE CONTINENT FROM THE ATLANTIC TO THE PACIFIC FOUR TIMES, OR MORE THAN ELEVEN TIMES ACROSS FROM THE GULF TO OUR NORTHERN BOUNDARY; AND WE ARE NOW ADDING TO THIS LINE AT THE RATE OF TWELVE HUNDRED MILES A YEAR, and yet we are falling far below the necessities and opportunities that God opens before us.

The Loan Fund of the Board of Church Extension at the close of 1882 reached $500,000 paid-up capital. The Board desires to increase it to $1,000,000, with every prospect of success. It has grown at the rate of $100 per day since the scheme was first proposed.

## Sunday-School Union of the Methodist Episcopal Church.

M. Freeman, D.D.; *Recording Secretary*, W. H. De Puy, D.D.; *Treasurer*, D. Denham, Jun.; *Agent for work in the South and West*, Rev. A. H. Gillett, Kalamazoo, Mich.

The Board of Managers meets on the fourth Wednesday in March, June, September, and December. It is composed of thirty-two ministers and thirty-two laymen elected by the General Conference. The Union was re-organized and recognized by the General Conference in 1840.

The statistics in the last Year-Book presented the following summaries: Whole number of Sunday-schools, 20,643; officers and teachers, 223,912; scholars, 1,588,147. Increase during the last General Conference quadrennium: in schools, 1,234; in officers and teachers, 19,754; in scholars, 139,580. Increase in twelve years: in schools, 5,048; in officers and teachers, 54,672; in scholars, 454,783.

During the quadrennium 352,908 professed conversions were reported—an increase over the previous quadrennium of 72,043. Number of professed conversions for twelve years, 815,010.

The receipts of the Union for the quadrennium amount to $73,796 31. (For circulation of Sunday-school books and periodicals see page 31.)

All communications respecting statistics and the general business of the Sunday-School Union of the Methodist Episcopal Church should be addressed to the Corresponding Secretary, Rev. J. H. Vincent, D.D., 805 Broadway, P. O. Box 121, Station D., New York

Funds should be remitted to the Treasurer, Daniel Denham, Jun., at the same place; to J. M. Walden, D.D., Methodist Book Rooms, Cincinnati; to J. P. Magee, Boston; to W. M. Dandy, Chicago; to Rev. J. Horner, D.D., Pittsburg; to H. H. Otis, Buffalo; to Samuel H. Pye, St. Louis; to Rev. J. B. Hill, San Francisco; to Rev. D. H. Carroll, Baltimore; or to Rev. J. B. M'Cullough, Philadelphia, Pa.

Applications for aid in behalf of Sunday-schools should be addressed *free of postage*, to the Corresponding Secretary at New York; to J. M. Walden, D.D., at Cincinnati; to J. P. Magee, at Boston; to W. M. Dandy, at Chicago; to Rev. J. Horner, D.D., at Pittsburg; to H. H. Otis, at Buffalo; to Samuel H. Pye, at St. Louis; to Rev. J. B. Hill, at San Francisco; to Rev. D. H. Carroll, at Baltimore; or to Rev. J. B. M'Cullough, at Philadelphia.

No application can be considered unless the school for which aid is asked is connected with the Methodist Episcopal Church. The Pastor or Presiding Elder must further certify that in his judgment the school is *needy*; as it is not the design of the Union to afford aid to schools that are able to sustain themselves.

British Wesleyan Sunday-Schools for 1881.—The number of Sunday-schools in Great Britain is 6,426, of Teachers, 121,193, and of Scholars, 810,280, an increase on the previous year of 23,137. The number of Week-day Schools is 847, in which there are 179,386 children; being a decrease of 514 Week-day Scholars. The total amount of Government aid to Wesleyan Day-schools for the last year was £98,809 18s. 6*d*. Number of Wesleyan Certificated Teachers in Wesleyan and other Schools, about 1,500.

## Tract Society of the Methodist Episcopal Church.

The principal agents are the Presiding Elders, Pastors, Tract Committees and Sunday-school Officers and Teachers. To secure the aid of these voluntary laborers the Society offers to give *three dollars'* worth of Tracts to the Pastor or Tract Committee of every mission that will apply for them.

To every self-supporting appointment the Society will give a supply of Tracts to the value of ONE HALF the last collection taken in the charge for the Tract Society, the balance of the collection to be used for the general purposes of the Society.

Applications for tracts should be made to the same persons as for grants by Sunday-School Union.

The statistical summaries, May 1, 1880, as reported to the General Conference, showed that the number of tract pages circulated during the last quadrennium was about 111,311,000. The receipts for the four years closing January 1, 1880, aggregated $56,115 17. (For additional Tract statistics, see page 29.)

## Board of Education of the Methodist Episcopal Church.

Office 805 Broadway, N. Y.

*President*, Bishop Simpson, D.D., LL.D.; *Recording Secretary*, C. A. Holmes, D.D.; *Treasurer*, Oliver Hoyt, Esq.; *Corresponding Secretary*, D. P. Kidder, D.D.

**Members of the Board.**—Term expires in 1884, Rev. Charles A. Holmes, D.D.; William Claflin, Newton, Mass.; F. H. Root, Esq., Buffalo, N. Y. Term expires in 1888, Bishop Matthew Simpson; Rev. D. P. Kidder, D.D.; C. C. North, Esq., N. Y.; I. Long, Esq., Philadelphia. Term expires in 1892, Rev. John W. Lindsay, D.D.; Rev. W. X. Ninde, D.D.; John Elliott, N. Y.; Oliver Hoyt, Esq., Stamford, Conn.

COMMITTEE ON APPROPRIATIONS.—Oliver Hoyt; Charles C. North; Rev. J. W. Lindsay; Rev. W. X. Ninde; the Corresponding Secretary, *ex officio*.

THE CORRESPONDING SECRETARY has charge of all the correspondence and executive business of the Board. His official address is 805 Broadway, N. Y.

THE TREASURER receives from the Corresponding Secretary and the several Book Agents all remittances, and holds all funds of the Board, subject to the approval of the Finance Committee. As the Treasurer's counting-house is in another part of the city, it is for his convenience to have the details of accounts kept at the office of the Corresponding Secretary.

THE AVAILABLE FUNDS of the Board are the proceeds, 1, of the General Educational Fund of the Church; 2, of the Children's Fund, both supplemented by annual collections made in the churches, and specially by those of Children's Day; also by special donations.

THE DISBURSEMENTS are made in loans to candidates for the ministry or missionary work, to aid them in securing a thorough education. Preference is always given to grown-up Sunday-school scholars, and also to Conferences that send their educational collections to the Boards.

TO SECURE LOANS application must be made in a form prescribed by the Board, and furnished to all who desire it. The demand for loans from worthy applicants is at this time very great and very urgent. In nearly all parts of the country there are promising youths of both sexes anxious to devote their lives to Christian work, but who are unable to secure the advantages of our schools without a little help. Help furnished in the form of loans encourages their self-respect, stimulates their efforts, enables them to accomplish their object, and, as a rule, returns in due time to aid others. Hence the claims of the Board for co-operation on the part of those who desire to do good are very great.

THE PLAN OF THE CHURCH is to give all, even the children of the Sunday-school, an opportunity to co-operate in promoting and securing a higher education. In this manner the attention of the young is roused to their own responsibilities and privileges, and many are started in a career of self-development who otherwise would not think a thorough education possible. Nine tenths of all who are now receiving aid from the funds of the Board are grown-up Sunday-school scholars. The children of the present day and of the future will receive similar aid in their turn.

DONATIONS AND LEGACIES are solicited for these objects. Persons making devises of real estate to the Board by will are requested to observe the following form:

I give and devise to "THE BOARD OF EDUCATION OF THE METHODIST EPISCOPAL CHURCH," incorporated by the Legislature of the State of New York, the following lands and premises, that is to say, .... .....
To have and to hold the same, with the appurtenances, to the said Society, its successors and assigns forever.

Bequests of money should be made in similar form.

Persons making Bequests or Devises to the Board, or knowing that they have been made, are requested to notify the Corresponding Secretary, at 805 BROADWAY, NEW YORK, and, if practicable, to inclose a copy of the clause in the will, that the wishes of the testator may be fully known.

## Courses of Study for Itinerant Ministers.

ALL the Annual Conferences of the Methodist Episcopal Church have four years' thorough courses of theological study prescribed by the Discipline* of the Church, and no preacher (whether a graduate of the Theological Seminaries or not) is allowed to graduate into the full ministry of the Church until he has passed an examination in these courses of study before the officially-appointed examining Committees. The following summaries, carefully collated from the General Minutes, and from the Local Minutes of the Annual Conferences for 1881-82, will indicate the number of examining Committees and students embraced in these courses of Conference Theological Studies for the year:

| | |
|---|---|
| Total number of Conference Committees of Examination | 395 |
| Total number of Examiners appointed on these Committees | 1,262 |
| Number of Preachers in classes for Admission on Trial | 620 |
| Students in classes of First Year's Course | 587 |
| Students in classes of Second Year's Course | 735 |
| Students in classes of Third Year's Course | 488 |
| Students in classes of Fourth Year's Course | 471 |
| Total number of Preachers in Conference Courses of Theological Study | 2,901 |

In these Conference Courses of Theological Study the Examining Committee for the several classes are selected by the presiding Bishop and council of Presiding Elders, and announced at the Conference session. The names of the persons thus selected, with the names of the students in the several classes, are published in the Local Conference Minutes, and the examinations usually take place at the ensuing Annual Conference session. The name of each student is called in open Conference, and the result of his examination announced by the Examining Committee.

**Examinations of Local Preachers.** The Bishops having received several communications relating to the Course of Study for local preachers, and the examinations required thereon, adopted Nov. 1, 1880, the following minute, and ordered its publication, namely:

* For Courses of Study now required, see Methodist Discipline of 1880, pp. 365-368.

Inasmuch as the Bishops have been informed that a difference of judgment and administration has existed in reference to the renewing of the license of local preachers, and the relation which the examinations on the Course of Study bear to such renewal; and inasmuch as complaints have been made of great inconvenience and even hardship in many cases resulting therefrom; and inasmuch as four years have elapsed since the General Conference first authorized a Course of Study for local preachers, thus affording a presumption that local preachers licensed previously to the authorization of said Course of Study have already accomplished it; therefore the Bishops recommend as follows, namely:

1. That the new Course of Study for local preachers, published in the Discipline of 1880, be applied only, 1. To local preachers licensed since the publication of said new Course of Study; a d, 2. To such other local preachers licensed since 1876 as may not yet have completed the prescribed four-years' Course of Study.

2. That in case of the necessary absence of the candidate from the meeting of the District or Quarterly Conference, a report of the examination on the Course of Study conducted by the presiding elder and pastor may be accepted instead of the report of the regular Committee of Examination.

3. That, in analogy with the method pursued in Annual Conferences, when a local preacher, who has not been examined, is unavoidably absent from the District or Quarterly Conference, his license may be renewed, conditioned on his examination at as early a period thereafter as practicable.

4. That local preachers who have passed an examination on one or more years of the previously prescribed Course of Study be required to be examined hereafter only on the remaining years of the present Course.

The examinations in this Course of Study are not intended in any case to take the place of the examinations by the Annual Conferences of local preachers who are candidates for orders.

**Examinations of Local Preachers by the Annual Conference.**

1. FOR DEACONS' ORDERS.—Local preachers who are candidates for Deacons' orders must pass a satisfactory examination in review of the *entire four-years' course* prescribed for local preachers.

2. FOR ELDERS' ORDERS.—Local deacons who are candidates for Elders' orders are required to pass a satisfactory examination on Watson's "Theological Institutes" and Stevens' "History of Methodism."

*President*, S. Wells Williams, LL.D.
*Secretaries*, Edward W. Gilman, D.D., Alexander M'Lean, D.D., Albert S. Hunt, D.D.
*Assistant Treasurer*, Andrew L. Taylor, Esq.
*General Agent*, Caleb T. Rowe, Esq.

Its Sixty-sixth Annual Report (for 1882) gives the following summaries for the year: Receipts, $552,223 32; copies of the Scriptures issued, 1,524,773; Bibles for the blind, 507, in aggregate of 12,856 volumes in forty years. Total copies issued since its organization, 41,407,584.

Many of the District and other Agents are connected with the M. E. Church, which has also a liberal and efficient representation in the Board of Managers of the Society. Its Junior Secretary is a member of the M. E. Church. Through this great National Institution our Church seeks to do its share in supplying the people of our own and other lands with the Bible in the language they can best understand. The General Conference heartily approved of the Society, and adopted resolutions providing for annual collections in all our Churches in its support. The following resolution was adopted by the General Conference of 1880.

*Resolved*, That in the work of circulating the Holy Scriptures in all lands, the American Bible Society should receive the hearty co-operation of Christians without respect to denomination, and we recommend that collections be taken annually in all our congregations for this purpose, and that the amount of such collections be reported to the Quarterly and Annual Conferences each year.

Not one dollar of the cost of administration at the Bible House is derived from the annual contributions of Churches and individuals; not a cent is diverted from donations or legacies to pay the salaries of executive officers. *For all these expenses of administration ample provision is made from the rentals of the Bible House; and that House was built without drawing at all upon funds contributed for the ordinary purposes of the Society.*

## Temperance Facts and Figures.

Products taxed during fiscal years ending June 20, 1881, and June 30, 1882, from official Internal Revenue statistics:

| | 1881. | 1882. |
|---|---|---|
| Number of gallons of spirits distilled from fruit | 1,701,206 | 1,216,850 |
| Number of gallons of spirits distilled from grain, etc | 67,426,000 | 70,759,548 |
| Number of cigars | 2,682,620,797 | 3,040,975,395 |
| Number of cigarettes | 567,395,983 | 553,401,328 |
| Number of pounds of snuff | 4,307,394 | 4,866,568 |
| Number of pounds of tobacco | 142,664,637 | 156,458,033 |
| Number of barrels of fermented liquors | 14,311,028 | 16,952,085 |

During the fiscal year ending June 30, 1882, the internal revenue on distilled spirits was $69,873,408 18; on tobacco, $47,391,988 91; on fermented liquors, $16,153,920 42, an increase of $9,710,110 11.

The drink bill of Great Britain and Ireland for 1881 was £127,074,460; the value of bread consumed annually, £70,000,000; butter and cheese, £27,500,000; milk, £26,000,000; so that £10,000,000 more is spent for intoxicating drink than for bread, butter, cheese, and milk. There are 6,600,000 houses in the United Kingdom, 180,000 of which are houses where intoxicating drinks are sold. 80,000,000 bushels of grain are destroyed a year in the manufacture of liquor.

The railroad managers of the country have pretty generally adopted prohibition in order to protect their own property and the lives of passengers from danger, arising from drunken employes.

A striking contrast, showing the effect on municipal expenditure of the sale of intoxicating liquors, is made by comparing the expenditure of two towns not far from equal in population: Vineland, in New Jersey, where the sale of liquors is actually as well as legally prohibited, and Yonkers, N. Y., which has 145 licensed drinking-places and 70 shops where liquor is sold contrary to law. Vineland has about 12,000 inhabitants, and Yonkers less than 15,000. Yonkers spends on its police $37,000; the police duties of Vineland are performed by one constable at the annual expense of $75. Yonkers has a police judge, with a salary of $4,000, and a clerk, who is paid $800; Vineland has no police court, and needs none. The paupers of Yonkers cost the town $12,000; Vineland has a corresponding expense of $400. Altogether these articles of expense cost in Yonkers $53,800, in Vineland $475. Making proportionate allowance for the difference in population, the government of Yonkers, so far as these expenses are concerned, costs more than ninety times as much as that of Vineland. Similar results are produced every-where under the two systems. And this is only the money account.

The following table presents the official report of the population of the several States, together with the number of persons engaged in the distillation and sale of liquor, the number of gallons produced, and the ratio of retail dealers to the whole population of the United States, by the Commissioner of Internal Revenue, computed to July 1, 1881:

## The Metric or Decimal System.

As applied to weights and measures, the metric system has been adopted by France, Germany, Italy, Spain, Portugal, Belgium, Netherlands, Greece, Mexico, Brazil, Peru, Chili, etc. Switzerland, Denmark, and Austria have partially adopted it, and it is legalized or permissive (not compulsory) in the United States and in Great Britain. As applied to measures of length, the standard unit is the metre, ascertained with mathematical exactness to be one ten-millionth part of a terrestrial meridian. The unit of volume (or litre) is the capacity of a cubical vessel measuring one tenth of a metre on its edges; and the unit of weight is the actual weight of distilled water which will fill such a vessel. The following tables exhibit the various designations of weights and measures under the metric system, and their equivalents in existing American or English weights and measures, as legalized by act of Congress, July 27, 1866.

# WESLEYAN UNIVERSITY,

## MIDDLETOWN, CONN.

THIS Institution offers to its under-graduate students three courses of study, each extending through four years, called respectively the Classical, the Latin Scientific, and the Scientific Course, and conducting respectively to the degrees of Bachelor of Arts, Bachelor of Philosophy, and Bachelor of Science. In each of these courses the studies of the first two years are nearly all required; but in the last two years only about half the prescribed quota are required, the student selecting the remainder from a wide range of elective studies. It is believed that a sufficient amount is required in each of the great departments of study to afford a good foundation in general culture; while the large freedom of election in the later years of the course allows the student to adapt his work to his own taste, talents, and purposes. Post-graduate courses in the various departments of science and literature are offered to graduates of this and other colleges.

An Astronomical Observatory provided with a fine Telescope, well furnished Chemical and Physical Laboratories, and a large and constantly increasing Museum of Natural History, afford facilities for a practical training in the methods of observation and research employed in the several sciences. The Library numbers over 32,000 volumes, and its steady increase is provided for by special fund. There is a well-stocked Reading-Room and a well-furnished Gymnasium.

Special attention is directed to the *Tuition Scholarships*, which the President of the College has authority to grant to students of good character who may need them. These Scholarships exempt all who receive them from charges for tuition. The President has one hundred of these at his disposal. In addition to these, the College has forty-one *Competitive Scholarships* varying in annual value from $100 to $250, which will be awarded to students according to class standing. Sixteen of these Scholarships will be awarded to the Freshman Class; eight to the Sophomore Class; eight to the Junior Class; and nine to the Senior Class. If to these be added the Prizes, and the other aids that the College directly or indirectly supplies, it is believed that no young person of ability, energy, and moral worth need be deterred by poverty from undertaking a course of liberal education in this University. Ladies are admitted to the University on equal terms with gentlemen.

Examinations for admission are held the day after Commencement, and on the first day of the Fall Term. These days for the year 1883 will be respectively June 29 and September 13. For further information, and for Catalogues, address

# THE BEREAN LESSON SYSTEM.

Rev. J. H. VINCENT, D.D., Editor.

## ANNOUNCEMENTS FOR 1883.

I. The change in the plan of the **QUESTION BOOK** made three years ago, in order to meet the wants of all the departments in the Sunday-school, having resulted in a large addition to its circulation, the work will be published in the same form, in three separate grades, and at the same price. These Question Books contain maps, illustrations, an Itinerary of David's life, and a complete Bible Dictionary upon the lessons; in fact, all that the scholar needs for his preparation of the lesson. In addition to the lesson-matter, subjects are given for a Missionary Meeting, and for a Temperance Meeting, each monthly, and for quarterly meetings on Home, the Church, and its benevolent enterprises. This secures a desired unity in all the departments of the Church.

**1. THE SENIOR LESSON BOOK,** for adult scholars, contains notes, questions for older students, the Itinerary of David, Chronological Outlines, the Descriptive Index, or Bible Dictionary, and, as a new feature, an Outline Bible Reading upon every lesson of the year. Price, 15 cents.

**2. THE BEREAN QUESTION BOOK,** for scholars from ten to sixteen years old, contains explanatory notes, questions adapted to the age of the pupil, maps, both large and small, the Descriptive Index, and the Itinerary of David, together with many other useful features. Price, 15 cents.

**3. THE BEREAN BEGINNER'S BOOK** is intended for children just above the infant class, though it may readily be used in that department. It contains the lesson told in the form of a story, with pictures, maps, lesson-symbols, questions and answers in large type, and Practical Words with Little People. No other little children's question book in the world approaches it, either in the fullness of its material or the beauty of its typographical execution. Price, 15 cents.

**N. B.**—In sending orders for the Question Books, be sure to state plainly how many copies of each grade are desired. Upon the average it is found that the three grades are used in about equal proportions.

II. The success of the graded series of Question Books has led to a new departure in the plans of the **LESSON LEAF.** This will also be issued hereafter in three grades, corresponding to the three Question Books:

**1. THE SENIOR LEAF** takes the place of the BEREAN QUARTERLY. It will include forty pages, and though of the same size as formerly, and including more matter, will be reduced in price to *twenty cents a year*. It will contain each quarter the words and music of new songs, besides the words of Church hymns, responsive readings with rich spiritual thoughts from the best writers, Questions for Senior Students, the same with those in the Senior Lesson Book, and a variety of helpful hints, engravings, Bible Dictionary, etc. No other quarterly will be found so abundant in its assistance for members of Bible classes and the adult departments of the Sunday-school.

**2. THE BEREAN LEAF** will contain more matter than ever before, and at the same price, *six cents per year*, for its size and quality by far the cheapest lesson-quarterly in the world. It will contain the words and music of a new song, and the words, without music, of the songs given (with music) in the Senior Leaf. Every thing that the scholars from ten to sixteen years of age require will be found in this lesson-leaf.

**3. THE BEGINNER'S LEAF** will correspond in Lesson Story and Questions with the Berean Beginner's Book, but will contain the same songs and hymns as the other leaves, so that the whole school will be supplied with new music each quarter. This new quarterly will supply the want, long felt, of a leaf containing questions for the younger scholars in the school. It will cost but *six cents per year*.

By the arrangement of these three lesson leaves every department of the school will be furnished with a different set of questions, while the songs, lesson catechism, and all important features, are the same for all. In giving orders be sure to state plainly how many of each leaf may be required, that all grades may have what they need.

**III.** THE PRIMARY DEPARTMENT of the Sunday-school will continue to receive its two unsurpassed helps, in both of which improvements will be made:

**1. THE LEAF CLUSTER** has been made beautiful by a new process of engraving, so that it will be an ornament to the walls of the school room, as well as a valuable help in the teaching of the lesson to the little ones. The pictures are brilliantly illuminated. The edition is limited, and cannot be reprinted. Issued quarterly. Price, $4 per annum.

**2. THE PICTURE LESSON PAPER** for Infant Classes, printed on tinted paper, with beautiful engravings, questions for the little people, lesson stories, etc., is the most attractive little children's paper published, as its immense and still advancing circulation attests. Price, 25 cents per annum.

**IV. THE STUDY** is a quarterly publication, designed for superintendents, primary class teachers, normal-class conductors, and advanced workers generally. It contains articles of permanent value, accounts of the best ways of working, plans and lesson hints for infant classes, blackboard outlines, lines of thought, illustrations on the lessons for the Teachers' Meeting, and a "Bureau of Information," full of the latest suggestions concerning methods in Sunday-school work. No superintendent, pastor, or primary teacher can afford to be without this quarterly. Price, 50 cents per annum.

**V. THE SUNDAY-SCHOOL JOURNAL** will continue to be, as in the past, the very best help for teachers and older scholars in the study of the lessons. Its notes on the lessons are unequaled. The questions from all of the Question Books—Senior, Berean, and Beginner's—will be published regularly in the JOURNAL. Price, single copy, 65 cents per annum. In clubs of six copies and upward to one address, 55 cents each.

**VI. THE LESSON COMMENTARY**, by Dr. J. H. Vincent and the Rev. J. L. Hurlbut, contains full notes and explanations upon all the lessons, both original and selected, from nearly three hundred authors. Practical Thoughts, maps, engravings, large number of tables, and every thing needed by the student of the lessons. 8vo. Price, $1 25 per copy.

**VII. COMMENTARY ON ACTS AND ROMANS.** By D. D. WHEDON, LL.D. 12mo. Price, $1 50. This volume includes the lessons in the New Testament for 1883.

**VIII. THE PEOPLE'S COMMENTARY ON THE NEW TESTAMENT.** By AMOS BENNEY and DANIEL STEELE, D.D. 12mo. Price, $2.

**IX. WHEDON'S COMMENTARY ON THE OLD TESTAMENT.** Vol. II. Joshua to 2 Samuel. 12mo. Price, $2 25. This volume includes the lessons in the Old Testament for 1883.

**X. THE BEREAN ENVELOPE.** A new and ingenious feature for preserving the Berean Leaf or Journal. It will be covered with suggestive hints. Price, $1 50 per hundred, or three cents each.

**XI. MAP ILLUSTRATING ST. PAUL'S TRAVELS.** Size, 11x8½ inches. Cloth. Price, $12 50.

**XII. MAP OF EGYPT, SINAI, AND PALESTINE.** Size, 71x51 inches. Cloth. Price, $3.

**XIII.** Gold Text-Cards, Picture-Cards, Daily Calendar, etc., will be duly announced.

**XIV. NOTES ON THE ACTS OF THE APOSTLES.** By BRADFORD K. PEIRCE, D.D. 12mo. $1.

## INSTRUCTIVE AND ENTERTAINING READING.

# Superb Gift for Old People.

THREESCORE YEARS AND BEYOND: OR, EXPERIENCES OF THE AGED. A Book for Old People. Describing the Labors, Habits, Home-life, and Closing Experiences of a large number of Aged Representative Men and Women of the Earlier and Later Times. By Rev. W. H. DE PUY, D.D. One volume royal octavo, pp. 512. Illustrated Edition, having six superb Steel Engravings. Price $3. New York: Phillips & Hunt; Western Book Concern, Walden & Stowe. Sold at Depositories.

This is a book specifically ABOUT OLD PEOPLE FOR OLD PEOPLE, abounding with anecdote and incident, and furnishing a large amount of deeply interesting information, designed to prove suggestive of the beautiful and useful, and to bring additional cheer in old age.

All the sketches are drawn from real life, and without respect of denominations or profession, and the volume is appropriately dedicated to "ALL OLD PEOPLE."

The book is printed in extra large type, on heavy paper, and is elegantly bound in various styles for the holidays. The engravings are admirably executed.

This work has received the highest commendation from the press, and from well-known ministers and laymen throughout the country, without respect of denomination. The following are among them:

From "The Christian Intelligencer," New York: "This is truly one of the most appropriate and beautiful books for the aged that we have ever seen. . . . The author has special qualifications for his work, and we are happy in commending it to the old, and to their thoughtful friends."

From "The Christian Union," New York: "The author has done his work with much faithfulness, the biographies being earnest in tone, but with such vivacity in anecdote and style as to make the book charming."

From "The Methodist Protestant," Baltimore: "In this age, when so much attention is given to literature and books for the young, it was a graceful act for the author of this volume to remember our sires, and give his eminent ability to the production of a volume which will be a treasure to those of 'threescore and beyond.'"

From "The Methodist Recorder," London: "This volume fills a vacant place in literature. . . . To any person who would like a handsome and really valuable and appropriate present for a father or mother, or any aged friend, this volume is just the thing. It will gladden many a declining evening-time with memories that are radiant as the morning."

From "The Indiana American," Indianapolis: "The conception of this book was a happy one, and the execution equally happy. . . . It is like every other good thing which is made on purpose. All the way through the author wrote for a beloved and a loving old father, and love and tenderness gave tone to the language. . . . We can hardly conceive of a more appropriate present to a father or mother. But they need not be 'threescore and beyond' to appreciate it, for it is very readable to persons much younger."

From "The Episcopal Methodist," Baltimore: "The work is not a series of logical deductions, like dead bodies well laid out and dressed—all is life and motion. It gives actions rather than words. We view the fruits of righteousness growing on the tree. We have not the pilgrimage only, but the pilgrim. We are not spectators only, we are his companions. We learn, indeed, what Young has so well expressed, that 'A Christian is the highest style of man.'"

From the "Advocate of Christian Holiness," Boston: "Though not old, we have read this book with as much interest as though our eyes were dim and our natural force abated. While Dr. De Puy has furnished one of the most delightful books for old people, it is equally as interesting to the young. . . . If our readers have a father or mother, grandfather or grandmother, great-grandfather or great-grandmother, uncle or aunt, be sure and make them a present of this—one of the most charming books of the season. And if all these have gone to the land where 'age and feebleness extreme' are unknown, then buy the book, and make the good old heart of somebody else glad."

From "The Christian Guardian," Toronto, Canada: "The book is a beautiful idea, wrought out with taste and judgment. It is pre-eminently adapted for a present from children to parents. There are thousands of sons and daughters who, if they really knew the peculiar fitness of this book as a present for those whose sun of life is in the west, would gladly place it in the hands of their parents. . . . We congratulate our friend and *confrere*, Dr. De Puy, on his successful execution of a good idea. Its sterling worth, adaptation to a large class, and its non-sectional character, entitle this work to a wide circulation."

# COMPREHENSIVE CHURCH RECORD.

IT is put up in three sizes, and in the same style of binding as our present Church Records.

| | |
|---|---|
| No. 1 | $12 00 |
| No. 2 | 9 00 |
| No. 3 | 5 00 |

It has the unqualified indorsement of every Bishop of our Church.

It is the product of years of observation and experience of what the Church needs in this direction.

Its system of alphabetical arrangement, which is entirely new, and meets with universal favor, makes a record of a given size last many years longer than it would by the old system of alphabetical divisions.

## COMMENDABLE FEATURES.

1. All the parts of the Record are put in one volume, of convenient size, and very durable.

2. The name of any person in the Church may be found with facility by the new, simple, and very legible form of alphabetical reference.

3. The entry of the names is sightly and compact, because *this Record utilizes each line consecutively.*

4. After the lapse of a few years the rewriting of the list of "members" becomes very desirable, and such transcription may be repeated frequently in the same book. Other forms make no provision for such rewriting, and some of them so directly state.

5. The Comprehensive Church Record will last at least ten times as long as any other form of Record of the same size, notwithstanding repeated transcription of lists of names.

In the longer period of its actual use there must be a greater accumulation of important data; and if the register of any of the facts it contains becomes of legal or historical significance, after other forms of evidence may have been obliterated by the passage of time, they may be readily obtained.

We also have on hand the following Church Records, half bound in morocco.

# A FEW WORDS TO BOOK CANVASSERS.

It is now a little more than seven years since we organized our Subscription Book Department, since which time we have sold over

**300,000 VOLUMES,**

and the business is rapidly increasing, as is shown by the fact that we have shipped during the past **three months**

**16,611 VOLUMES,**

or an average of

**66,444 VOLUMES**

per annum. Of this large number of books sold in three months,

**11,200** Volumes were **The People's Cyclopedia,**
**3,357** were **Ridpath's History of the United States,**
**924** were **Family Bibles,** and the balance miscellaneous books.

The three books mentioned above, namely,

## THE PEOPLE'S CYCLOPEDIA OF UNIVERSAL KNOWLEDGE,
## RIDPATH'S HISTORY OF THE UNITED STATES,

and

## THE COMPLETE TEXT PICTORIAL FAMILY BIBLE,

represent what we believe to be the best selling subscription books in the American market to-day. What better evidence of this is wanted than the fact that in one year from the completion of THE PEOPLE'S CYCLOPEDIA

**25,000 SETS**

have been sold?

**RIDPATH'S HISTORY OF THE UNITED STATES**

has reached a sale of

**200,000 COPIES**

since its publication in 1876, and, as shown above, is still selling at the rate of more than

**1,000 COPIES A MONTH.**

Since the organization of this department we have sold over

**30,000 FAMILY BIBLES.**

We want good Agents for the above works, and to such as apply we shall be glad to offer liberal terms.

## DELAYS ARE DANGEROUS!

Whenever you are assailed by any internal pain, ache, or ailment, don't wait to experiment, but have recourse at once to

# RENNE'S
# Pain Killing
# MAGIC OIL,

Which will relieve you as if by magic. This wonderful discovery is without a successful rival in any part of the world, and has long been regarded as **The greatest remedy in existence** for Wounds, Cuts, Bruises, Sprains, Old Sores, Scalds, Burns, and all other eruptions of the skin and scalp; for Rheumatism, swollen joints, and every ailment or accident that affects us internally or externally. It is **purely vegetable**, and as clear as crystal, as aromatic as rose water, and as harmless as new milk. It is free from all greasiness and stickiness, and does not soil even the finest cambric. For **Coughs, Colds, and Bronchial diseases**, and for ailments prevalent among ladies and children, it has no equal when used according to the printed directions accompanying each bottle. No factory, workshop, or household in the land should be without a supply of this greatest of all medicines, as in case of sudden ailments or accidents it **works like a charm.** In cases of Headache, Foul Stomach, Constipation, Neuralgia, Dyspepsia, or Derangement of the Bile, it is a sovereign remedy.

*Edward Bartlett, Pastor of the First Congregational Church, Pittsfield, Mass.*

I think it will be a favor to my brethren in the ministry to let them know how wonderfully efficacious your Magic Oil is in relieving, almost immediately, Hoarseness, Sore Throat, Catarrh, and Colds. For years I have been troubled with throat difficulties; but your Magic Oil "works like a charm."

*Alfred Eldred, Morrisonville, Clinton County, N. Y.*

I am a constant user of Renne's Magic Oil, and have been for a number of years; and in this time I have found it a sure relief for a complaint that has been upon me for some 13 years—that is, Kidney Complaint. I can't find any thing that can beat it, but I could not find it set forth to cure that complaint in your circular; but you may put it in hereafter, for it is surely a good thing for the above-mentioned complaint.

*M. A. Gill, Waltham, Mass.*

I feel it my duty to acknowledge my many grateful thanks and my many blessings for your delicious Magic Oil. I was a sufferer for the last fifteen years with rheumatism, which I am most thankful to God and you for my great recovery, as I am able to do the work of an ordinary house and can walk a mile in twenty minutes. I write this, hoping it may add more to your many other proofs in the great many instances it has cured many ladies and gentlemen I have told of its great benefits to me.

I hope you will let me know if you have any agents in any part of England or Ireland. I have a friend that is suffering from rheumatism, and, if so, do please let me know their address. I inclose stamp for such. P. O. Box, 721.

*Chas. H. Pratt, Mansfield, Mass., February* 28, 1882.

I have used Renne's Magic Oil for a long time with good effect. The first of my using it was a few years ago for catarrh, and it has cured me, so I continue to use it for colds in the head with the same results. I have recommended it to a great many others. At this time I am using it, and it is now that I ever thought of sending in my case. To sum it up in one line, it is the best thing for any thing of this kind I ever used.

*I. Bovell, Barbadoes, January* 5, 1882.

I have used your Magic Oil for Neuralgia Pains, as wells as for Dyspepsia, and found great relief in it. I can recommend it as a good medicine, and no one should be without it.

*C. F. Gill, Barbadoes, January* 1, 1882.

I do most conscientiously testify that I have used your Magic Oil for Earache, and Neuralgia in the face, and found therefrom immediately relief.
